Measure your wrist STEP by STEP

1. *Print this chart*

Prior to printing, ensure that Page Scaling is set to "None" on your print dialog box.

2. *Confirm that you printed the **Wrist Sizer correctly*

Measure one of the bars using a ruler. This bar must measure to be exactly 1 inch (or 3cm) long.

3. *Find your wrist size*

Cut out the paper Wrist Sizer and follow the instructions below:

- Make sure that the numbers are on the outside of the paper Wrist Sizer and insert the pointed end through the slit you have cut at the other end indicated. Place your hand through the Wrist Sizer and pull the pointed end until it fits comfortably on your wrist.
- The number that lines up with the edge of the slit is your wrist size.
- You may also use a tape measure; or if you don't have one, use a small piece of ribbon or cord. Wrap it around your wrist and measure the length against a ruler.

The usual bracelet or bangle sizing rules differ slightly in this case due to the design of the FOREVER bracelet. Once you have found your size using the Bracelet or Bangle Sizing Chart, we recommend adding one centimeter for a tight fit and two centimeters for a loose fit.
