XL	S ^{1/2}	9	60	20
		9 ^{3/4}	62	22

Measure your ring STEP by STEP

1. *Print this chart*

Prior to printing, ensure that Page Scaling is set to "None" on your print dialog box.

2. *Confirm that you printed the Ring Sizer correctly*

Measure one of the bars using a ruler. This bar must measure exactly 1 inch (or 3cm) long.

3. *Find your ring size*

METHOD A: Place a ring that fits you over the circle. Make sure that the inside of the ring lines up with the outside of the circle. If you are between sizes, we recommend choosing the next larger size.

METHOD B: 1/ Print this page and cut out the Ring Sizer shown below. Cut the small slit that is marked with an arrow. 2/ Place the Ring Sizer around finger and slip the pointed end through the slit, numbers facing out. 3/ Make sure you can still slide the Ring Sizer over your knuckle at the same size. Your approximate ring size should be the number which appears at "Read Size Here". 4/ If you are between sizes, choose the next larger size.
